Dear Parents and Carers,

Titanic Workshop: Tuesday 26th January

We are delighted to welcome the SeaCity Museum Learning Team into school for a special **Titanic workshop**. The children will step back in time and discover more about the famous ship and the people who travelled and worked on board. Through stories, dressing up, handling objects and exciting hands-on activities, the children will have the opportunity to explore what life was like on the Titanic and learn about its connection to Southampton. They will also take part in activities linked to the science of the ship and explore the important decisions people had to make when the Titanic sank. We hope this will be a memorable and exciting opportunity for the children to bring their history learning to life
